

**Planning a Large Corporate Event? The World Of Beads offers jewelry making classes at a location of your choosing.**

*Shamballa with Magnetic Clasp*

*Shamballa with adjustable clasp*

*Straight strung with high quality silver plate. Could replace pearls with other beads of your choice (average kit price \$15 and up based on bead selection).*

Thank you for your inquiry. We have gone on location many times providing class instruction for large corporate groups. Our **instructor fee's** average \$18 - \$28 per student based on group size, chosen project and time required to complete project.

**Supply cost** is based on actual project. For example the "Hot" bracelet now is the Shamballa bracelet shown above using "Bling Balls" which are Pave set crystals. This is a macramé technique requiring about 2.5 hours to complete. Instructor fee is \$18 per student plus your beading kit. In the pictured Shamballa bracelet above, the adjustable clasp kit is \$26 and the sterling silver magnetic clasp kit is \$52. Students can select "Bling Balls" from 15-different colors.

You could make a less expensive bracelet with the straight stringing technique and different beads with a kit fee of \$15 and up depending on your bead selection. With this option, instructor fee **including** bead kit would average \$35 per student. Let us know you're per person budget and we can show you bead kit samples that will keep you in your budget.

Here is some of our favorite off site large group classroom facilities.

Our favorite class location to date was the Drees Pavilion an 80-person class we did for Accents on Cincinnati. Drees Pavilion <http://dreespavilion.com/> Is located just minutes from downtown Cincinnati. Sits high on a hill with breathtaking views of Cincinnati and the Ohio River. Rooms for 60 and up and great lunches!

Next favorite class location was the B&B Riverboat <http://bbriverboats.com>

Beading while cruising down the Ohio River. This was a large class we did for Proctor & Gamble. B&B has private charters with lunch and dinner options. Food OK but the cruise down the river was a beautiful relaxing atmosphere for beading.

For smaller group locations (under 25) we can have the class at our Hyde Park store or one of the many restaurants located within walking distance of our store. Tellers of Hyde Park offers private seating in the "Vault" for groups under 25 or on their veranda for groups under 60.

Thank you for your inquiry and you can reach me directly at 513-460-6755 or by email at [paula@aworldofbeads.com](mailto:paula@aworldofbeads.com) for questions concerning your group class.

Sincerely

Paula Wirtanen
