

# Ocean Tides Necklace

- 1 Swarovski Coral pendant, aqua
- 2 Swarovski top drilled teardrops, aqua
- 7 Swarovski 4mm rounds, red coral
- 1 large sterling sea horse charm
- 2 small sterling shell charms
- 1 small sterling sand dollar charm
- 1 small sterling sea horse charm
- 1 Swarovski 6mm bicone, aqua
- 8 sterling 1 inch head pins, 24ga
- 6 small sterling jump rings, 2/3mm
- 1 sterling jump ring, 6/7mm
- 6 inches sterling wire, 24ga
- 16/18 inch sterling chain, small linked;  
Plus one 1 inch piece and one 1.5 inch piece.
- 2-3 inches sterling extender chain, larger linked
- 1 lobster claw

1. Attach the 2 smaller pieces of chain and the Aqua coral branch to the center link of chain, using the large jump ring.
  2. Use a smaller jump ring to connect one end of the chain to the extender chain. Use another small jump ring to connect the other side of the chain and the lobster claw.
  3. Attach the 4mm rounds and 6mm bicone to the chain using the headpins, use the diagram for bead placement. Make sure you slide the loop of the wire wrap into a chain link BEFORE finishing the wrap. (In the wire wrap diagram below, you would insert the chain link onto the headpin between the 3rd and 4th diagram.)
  4. Attach the Aqua teardrops to the chain using a 3inch piece of wire for each teardrop. (See the top-drilled bead wire wrap diagram.) Again, make sure you slide the loop of the wire wrap into a chain link BEFORE finishing the wrap.
  5. Use one smaller jump ring for each of the charms, and connect those to the chain.
- Please refer to <http://aworldofbeads.com/gallery/techs.htm> if you need more indepth wire wrapping instructions.

Top drilled bead wire wrap.
